

This is a mineral lubricating oil for mechanical transmissions, formulated with high quality solvent refined base oils and special EP-additives to obtain the following properties:

Performance

- API GL-5
- Mil-L-2105D
- ZF TE-ML 05C (suitable for use)

Features

an excellent resistance against oxidation
 a very high activity against wear, corrosion and foam
 a low pour point
 very good EP-properties
 excellent "Limited Slip" properties

Applications

This gear oil has especially been developed for the perfect lubrication of so-called "Limited Slip" and "Auto-Locking" hypoid transmissions.
